Manuel Comabella

LANGUAGE

English and Spanish

The program can be fully completed in English.

We recommend using AI tools to translate forum messages. Interaction in the forum can take place in either English or Spanish for subjects taught in both languages, and exclusively in English for subjects taught only in English.

METHODOLOGY

- Duration of each subject: 1 month
- Asynchronous learning
  - Theoretical component (materials)
  - Practical component (forum)
- Access to real clinical cases and practical content.
- Time management and organization at the student's discretion.

DEGREE AWARDED

University-specific Master's Degree in Neuroimmunology from the Universitat Autònoma de Barcelona (UAB) with **60 ECTS**.
To obtain the Master's degree, all subjects must be passed along with the Master's Final Project (MFP).

- Subject evaluation:
  - 60% based on test exam score
  - 40% based on forum contributions

RATING

5.4 out of 6 overall rating over the last 5 years
239 surveys collected

COMMENTS FROM OUR STUDENTS

- ✓ *The forum is a great source of up-to-date information*
- ✓ *The master has enhanced my knowledge through valuable educational material and productive discussions. Congratulations, Professors.*
- ✓ *Not all online course are of an acceptable standard. This one simply exceeds expectations. Congratulations!*
- ✓ *The professionalism and competence were the foundation of this Master. Congratulations!*
- ✓ *Very, very good. Highly recommended!*
- ✓ *A very comprehensive program with extraordinary professors; the interactive dynamic encouraged further reading.*
- ✓ *It is an educational course that will stay forever with my practice.*
